## **Main Street Bank Hosts Career Experience Day**

*Local students from Our Lady of Peace set to participate*

WHEELING -- Main Street is hosting three students from Our Lady of Peace for the Wheeling Chamber of Commerce's Career Experience Day.

These students will receive valuable learning experiences as they interview employees of Main Street Bank, receive a tour of the facility and enjoy hands-on experience in the banking profession.

"We are enthusiastic to provide an opportunity for local high school students to experience the banking industry during Career Experience Day," said Bob Furka, Vice President & Controller of Main Street Bank.

Students will follow-up in their classrooms regarding their experience.
